

FoxSmart (FS) is a resource center provided by the King George Education Foundation (KGEF) whose primary focus is on providing school supplies & some essential hygiene items throughout the school year for children in need as determined by the school counselors. For teachers, we offer support to purchase supplies the teachers would otherwise pay for out of their own pocket, usually done only after school budget resources have been exhausted. When special exceptions occur & are not within our inventory, we do our best to accommodate the request. Please be mindful our FS inventory is not intended to provide mainstream supplies for entire classrooms/students. There will be times when quantities requested will not be filled due to inventory limitations.

Items highlighted in red indicate we have an abundant supply available. If you have a special request, please let us know and we can coordinate with you.

Aquarium (science Projects)**Arts/Crafts colored paper**

Back Packs

Binders

- 1"
- 1.5"
- 2" (limited supply)
- 3" (limited supply)
