

**July 2024**

**FoxSmart School Supply List**

FoxSmart (FS) is the King George Education Foundation's (KGEF) resource center utilized by teachers, counselors, social workers and staff to obtain school supplies and essential/emergency hygiene items. The FS staff work closely with King George County Schools (KGCS) Student and Family Services, school counselors and social workers to help identify families with hardships/financial insecurities. In addition, it allows teachers to select items for their classrooms to support and maintain an enticing educational environment also minimizing their financial impact once their budgets are depleted. Please be mindful .... our FS inventory is not intended to provide mainstream supplies for all classrooms or all students. There will be times when quantities requested may not be filled due to inventory limitations. If you have a special request, please let us know and we will coordinate with you.
